
Eleiko Competition Kettlebell

32 kg

- ✓ **Same size for all weights**
- ✓ **Calibrated to +/- 200g**
- ✓ **Colour coded for easy weight identification**

Eleiko Competition Kettlebells use high-grade iron, a moulded construction and powder coat finish for exceptional durability. The kettlebells are carefully calibrated for competitive use with a distinctive colour range for easy identification and consistent size to support technique consistency.

Features

Kettlebell design
Each kettlebell features a wide flat base for stability and easy to grip, non-corrosive stainless-steel handle with a subtle texture designed to hold chalk and improve control of the kettlebell.

Consistent size
Each kettlebell, regardless of weight, has the same base diameter, height and handle size, so you can train with consistent technique as you gain strength and progress.

Steady and secure
Easy to grip stainless steel handle and wide flat base for better control.

Calibrated for competition
Cast iron construction calibrated to within +/- 200 g.

Kettlebell colours
The range is offered in the international Girevoy colour scheme for quick and easy weight identification by sight from anywhere in the room.
