

# Eleiko Prestera Angled Connector 45 degree

Black

- ✓ Unlock creativity in rig design
- ✓ Navigate tricky room features

The Eleiko Prestera Angle Bracket for Crossbar is a unique bracket that helps unlock new and creative rig design possibilities. The 45-degree bracket is used in conjunction with any of the Prestera Crossbars to shift the direction of a rig configuration, helping navigate floorplan challenges or design creative showstopping rigs.

## Features

### Move beyond 90-degrees

Attach the 45-degree angle bracket to a crossbar for increased flexibility in rig design.

### Wide Range of Uses

Use the angled bracket to create angled corner pieces, minimize dead space, create staggered training stations, and build around structural features or floor plan challenges.

## Specifications

**Unit of measurement**  
Sold individually

**Article code**  
2001511-03

**Length**  
250 mm / 9.84 in.

**Width**  
73 mm / 2.87 in.

**Height**  
105 mm / 4.13 in.

**Weight**  
3,5 kg / 7.72 lbs

**Warranty**  
10 years

**Colour**  
Black
