

Eleiko Prestera Crossbar 614mm

Black

- ✓ Rig Crossbars
- ✓ Shorter lengths
- ✓ Design flexibility

The Eleiko Prestera Crossbars are essential building blocks for rig constructions, providing stability and greater design flexibility with these shorter lengths. Pair them with shelf attachments or peg boards to create storage solutions or apply them in a wall-mounted configuration to maximise floor space.

Features

Training Stations

Select between the 388 or 612 mm versions to create spaces adapted to your needs. The shorter lengths can also be combined and connected with uprights to create sections that match the measurements of the longer 1072 and 1720 lengths.

Durable Construction

Constructed from robust 3mm thick 70x70 mm steel, mounting plates are welded to the Crossbars and then bolted to the uprights.

Specifications

Unit of measurement
Sold individually

Article code
2001666-03

Length
614 mm / 24.17 in.

Width
70 mm / 2.76 in.

Height
250 mm / 9.84 in.

Weight
7 kg / 15.43 lbs

Warranty
10 years

Colour
