

Eleiko Prestera Dual Change Plate Weight Pin

Black

The Eleiko Prestera Dual Change Plate Weight Pin mounts to a Prestera upright, wall or storage board to hold smaller change plates securely, keeping plates organized and easily accessible. The storage pins feature a durable chrome finish and come with end-cap stickers indicating the weights that belong on each pin.

Features

Designed For

Storing smaller change plates in Prestera rack, rig or storage configurations.

Included Hardware

The Dual Pin can be attached to any Prestera Uprights, Crossbars and Storage Boards. To mount, set the weight storage pin at the desired height on the upright or storage board and secure it using the included bolts, locking the storage pins into place. For attaching to storage boards, additional hardware is required (2002120).

Compatibility

Designed for use with any uprights and utility boards within the Eleiko Prestera Strength System.

Tidy Space

It comes with colour-coded end cap stickers for the end of the storage pins corresponding to the weight plates, helping lifters correctly place plates to keep spaces tidy.
