

Eleiko Presteria Magnesia Bowl Stainless

The Magnesia Bowl Attachment is a key accessory for facilities catering to lifters and strength athletes. It is designed to hold magnesia or chalk, which is used for maintaining a secure grip during workouts. With its ergonomic design and convenient placement possibilities, the Magnesia Bowl Attachment ensures easy access to magnesia, allowing for optimal performance with every lift.

Features

Compatible With

Connect the Presteria Magnesia Bowl to any Presteria Uprights in rack, right or storage configurations, or use the bowls with Presteria upright or storage boards

User friendly

The design keeps chalk easily accessible and conveniently cleaned, as the bowl is easily removable.

User Friendly Hardware

Comes standard with knurled screw that mounts to Presteria Strength System.
