Black, used

This product is part of our pre-lifted collection. We thoroughly inspect pre-lifted products to verify they are fully functional and in good working order. However, pre-lifted products may show signs of wear and are sold as is. This stable storage solution holds balance balls of varying sizes. The ball placement direction can be adjusted to meet individual needs and preferences. Extra holders for both balance and medicine balls are available to customise the rack to suit specific needs. The rack can accommodate up to 7 big balance balls, or 13 large medicine balls or a combination of the two.
