

# Eleiko Two Tier XF Dumbbell Rack

silver, used

This product is part of our pre-lifted collection. We thoroughly inspect pre-lifted products to verify they are fully functional and in good working order. However, pre-lifted products may show signs of wear and are sold as is. The Eleiko XF Dumbbell Racks come in single or double tier options and are designed specifically to hold Eleiko XF Dumbbells. Sturdy steel tubing and a wide base ensure stability, while the design ensures dumbbells will not slide off when properly racked. The racks knock-down construction is easy to transport and assemble and solid when constructed. The sturdy base includes bolt down holes for added safety and stability.
