

Eleiko XF Outdoor Flat Bench

Galvanized/PUR

- ✓ **Outdoor training**
- ✓ **Galvanized steel**
- ✓ **PUR cushion**

An essential in Eleiko's outdoor and functional fitness product range, the durable XF Flat Bench is built from a sturdy, corrosion-resistant galvanized steel that is lightweight enough to move around your training space yet sturdy when training. The polyurethane cushion is comfortable and supportive while lifting – and is designed to withstand outdoor use. The Eleiko XF Flat Bench provides a solid foundation for athletes regardless of their size or exercise performed.

Features

Designed for
Seated and prone free weight and barbell exercises.

Angled Leg Design
The angled legs give a broader base of support and ensure bench stability.

Outdoor Use
Designed to perform in the elements and withstand outdoor use.
