

Eleiko Lifting Flooring, 1000x1000x22 mm, Super Black

- ✓ Free weight training
- ✓ Impact control
- ✓ Stable lifts
- ✓ Subfloor protection

A surface designed for barbell, free weight and strength training areas. The construction balances impact absorption with the stability required for heavy lifts. It reduces vibration from repeated bar contact while maintaining secure footing, supporting consistent performance in strength and lifting zones. Flooring features a fleck pattern and colors can be customized.

Features

Lift stability

Provides a secure base for heavy barbell work.

Subfloor protection

Helps prevent wear from repeated heavy loads.

Fire classification

Fire classification for the 22 mm variant is Dfl-s2.

Impact balance

Absorbs force without compromising footing while reducing vibration.

Clean finish

Non-porous surface simplifies maintenance and hygiene.

Specifications

Unit of measurement
Sold individually

Height
22 mm / 0.87 in.

Article code
300507-95

Weight
18,7 kg / 41.23 lbs

Length
1000 mm / 39.37 in.

Colour
Fleck Super Black

Width
1000 mm / 39.37 in.

Fire classification
Dfl-s2
