# Eleiko IPF Powerlifting Competition Plate

10 kg

- ✓ Calibrated steel plates
- ✓ IPF Certified
- ✓ Powder Coated
- ✓ Strong grip and secure handling

Eleiko IPF Competition Plates are precision crafted from cast iron and finished in a durable powder coat for long-lasting performance. The redesign includes a rounded edge and angled groove around the plate circumference, as well as grooved grip strips and stamped product name into the back of the plate for improved handling when loading and unloading the plates from storage racks and the bar.

## Features

### Calibrated Steel Plates

Precisely calibrated and competition certified, the plates are guaranteed to be within +/- 0.25% (or +/- 10g for 2,5 kg and lower per the IPF Technical Rule Book.

### Slim Plate Width

The certified steel competition plate's slim profiles allow for more weight on the barbell for record-setting lifts of 700+ kilos.

### Ergonomic Profile

A smooth chamfered edge, an imprint of the product name and ergonomic grip strips on the back edge make the new IPF Competition Plates easier, more secure, and more comfortable to grip and handle.

### Easy Weight Identification

The updated colour profiles align with the iconic Olympic colours and feature a raised IPF logo, white Eleiko logo and clear weight markings for easy identification.

## Specifications

**Unit of measurement**
Sold individually

**Article code**
3060350-10

**Height**
19 mm / 0.75 in.

**Weight**
10 kg / 22.05 lbs

**Warranty**
10 years

**Certification**
IPF
