

Eleiko Insert Platform Half Rack

Black

This modified version of our IWF certified training platform fits seamlessly with Eleiko Half Racks — Prestera and XF80 Racks. We use the same quality materials from our training platforms in a more compact design with an integrated insert piece that fits within the rack. The platform is easy to assemble and maintain. Thick durable odour-free rubber mats absorb shock and sound. The platform is designed to stand up to rigorous high-volume use of today's busy facilities.

Features

Designed For

Use with all Eleiko Half Racks to protect equipment and floors

Easy Assembly

Adjustable metal frame is simple to assemble and attach to the XF pieces

Solid Lifts

Anti-slip platform surface for optimal foot grip while weightlifting

Lessen the Impact

High quality odour free rubber mats are shock and sound-absorbing
