

# Eleiko IWF Weightlifting Training Bar

15 kg, women

Certified by the International Weightlifting Federation (IWF) this bar is designed specifically for training for competitive Olympic weightlifting and used by professional lifters in training halls and facilities around the world. The training bar delivers the feel and performance of our competition bar but with less sharp knurling making the bar appropriate for a higher volume of lifting. Crafted in Sweden, the bar's high performance is the result of precision needle bearings that disperse the load evenly through the shaft to deliver uniform rotation at all loads. Proprietary steel and chrome coating provides the optimal balance between strength and elasticity to deliver the ultimate lifting experience.

## Features

### Unit of measurement

Sold individually

### Article code

3060763

### Length

2010 mm / 79.13 in.

### Weight

15 kg / 33.07 lbs

### Warranty

12 years

### Certification

IWF

### Grip Surface

Chrome

### Bearings and Bushings

Needle bearings

### Grip Markings

Weightlifting

### Flange Width

30 mm / 1.18 in.

### Sleeve Surface

Chrome

### Knurling

1.2 Training

### Dustproof Seal

Yes

### Sleeve Diameter

50 mm / 1.97 in.

### Loadable Sleeve Length

320 mm / 12.6 in.

### Sensor-Ready

No
