

# Eleiko Weightlifting Competition Platform

## boards

Eleiko's Weightlifting Competition Platform is a great solution for competitions that don't require IWF certified equipment. The platform is built with an emphasis on durability and functionality without sacrificing performance. The top is textured rubber for superb grip and traction creating an ideal lifting surface. The construction facilitates easy transport and set up, while a 63 mm thick layered wooden construction provides a sturdy solid structure for big lifts.

## Features

### Designed For

National and international competitive weightlifting

### Ideal Lifting Surface

Thermoplastic textured rubber top provides optimal grip and traction

### Easy Assembly

Design and construction support easy transport, assembly and tear down

## Specifications

### Unit of measurement

Sold individually

### Article code

3061200

### Length

4000 mm / 157.48 in.

### Width

4000 mm / 157.48 in.

### Height

63 mm / 2.48 in.

### Weight

946 kg / 2085.57 lbs

### Warranty

2 years

### Drop Surface

Grey textured rubber on wooden plate

### Lifting Surface

Grey textured rubber on wooden plate

### Platform Style

Free Standing

### Bolt Down

Bolt down corners
