

Precor Discovery Plate-Loaded Chest Press

Black Pearl/Black

The Discovery Series Plate Loaded Line Chest Press has independent movement and converging pushing angles to increase the range of motion of the exercise. Progressive strength curve gradually increases force at the end of movement when the user is in the strongest position, allowing the user to engage more muscles. Oversized handles make pressing exercises more comfortable by spreading the load over a larger area of the user's hand, and the easy seat adjustment means a broad range of user heights can be accommodated.

Specifications

Unit of measurement Sold individually	Article code 3063807-011	Length 1100 mm / 43.31 in.	Width 1695 mm / 66.73 in.
Height 1775 mm / 69.88 in.	Weight 185 kg / 407.86 lbs	Warranty See separate document*
