

Precor Discovery Plate-Loaded Shoulder Press

Black Pearl/Black

The Discovery Series Plate Loaded Line Shoulder Press has independent movement and converging pushing angles to increase the range of motion of the exercise. Oversized handles make pressing exercises more comfortable by spreading the load over a larger area of the user's hand, and the easy seat adjustment means a broad range of user heights can be accommodated. Four weight horns provide storage for over 270 kg (600 lbs) of plates.
