

# Precor TRM 661 Treadmill

## P62 Console - Black Pearl

TRM 661 is equipped with a powerful drive and lift motor that enhances performance and reliability to suit various training facilities. The integrated foot placement technology adapts to the trainer's natural foot rhythm for a smoother training experience. Its Ground Effects® Impact Control System provides optimal cushioning and stability, focusing on absorbing shocks and providing a steady take-off. Together with the features of the P62 touchscreen console, this becomes a complete and comfortable training solution.
