

# Eleiko Prestera Squat Rack

## Stainless

- ✓ Stainless uprights
- ✓ Geometry to IPF spec
- ✓ IPF inspired j-cups

Stainless uprights, optimized geometry and precise adjustment increments give lifters greater control and improved safety. The rack configuration balances optimal racking for the squat and bench press. Included J-cups feature our taller IPF inspired profile and polyurethane rollers for better barbell protection.

## Features

### Designed to IPF Specifications

Rack geometry built to IPF specifications, train with a profile optimized for all lifts and directly transfers to competition.

### High Performance

Durable, 70x70 mm stainless steel upright features 25 mm hole spacing and etched numbering for precise racking positions.

### Prestera Attachments

Compatible with Prestera barbell and fitness attachments.

### Optimized Geometry

Rack geometry makes it easier to rack the barbell and gives more room inside the frame without compromising load capacity.

### Stable Foundation

Hidden bolt down holes minimize trip hazards and provide stability while maintaining the half rack's sleek appearance.
