

# Eleiko Training Combo Rack

The Training Combo Rack supports squats and bench presses in a configuration that mirrors our IPF Combo Bench geometry with a smaller footprint, so training transfers to the competition platform. Safety arms and a spotter stand are included for lifter safety. Stainless uprights with 25 mm spacing support precision racking with geometry aligned to IPF Competition Combo Rack spacing.

## Features

### Specs Mirror IPF Combo Rack

All spacing and positioning in the Training Combo Rack – from the upright geometry to the hole heights and spotter distance – mirror the competition certified Eleiko IPF Combo Rack.

### Secure Fit

The Prestera Spotter Attachment simply and securely slots into place between the rack uprights and is fastened with magnetic pins.

### Easily Adaptable

The Training Combo Rack configuration is easily adapted to move between the squats and bench press.

### Fine Tune Adjustments

Stainless steel uprights with IPF aligned 25mm spacing deliver precision racking, and j-cup rollers allow fine-tune lateral bar adjustments.

## Specifications

### Article code

BD-1-418
