

Eleiko IWF Weightlifting Warm-up platform, 3 x 2,5 m

Eleiko's Warm-Up Platform has been updated with a new frame featuring a distinctively curved steel tubing and cast corners for enhanced durability, stability, and visual appeal. The deck is durably constructed from a sturdy wooden base with an oak printed surface with an IWF certified grip for secure foot placement during lifts. Our high-quality rubber tiles complete the platform with an exceptionally durable, odour free lifting zone.

Features

Designed For

Weightlifting competition warm up

Replicate the Feeling

Oak printed surface is IWF certified and provides excellent grip for secure foot placement during lifts.

Lessen the Impact

High quality odour free rubber mats are shock and sound-absorbing

Certified

Platform is certified by the IWF

User Friendly

Adjustable metal frame is simple to assemble and easily attaches to an insert piece for use in our racks
