

Eleiko Change Plate Black

5 kg

Eleiko Rubber Coated Change Plates support smaller increases and manageable weight jumps when training. Consisting of a solid steel core that is rubber coated, the change plates feature a minimalistic design with no center hub. The plates have raised edges for easier handling and a snug, secure fit that takes less space on the sleeve when plates are loaded. The black matte finish with white weight markings provides easy weight identification. The change plates range from 1,25 to 5 kg and are sold individually.

Features

Designed for

Strength training and functional fitness in mixed use environments

Lasting Performance

Solid steel core coated in durable rubber

Smaller Increases

Plates range from 1,25 – 5 kg for small increment adjustments
