

Eleiko Prestera Half Rack Frame

Galvanized

Start with the galvanized Prestera Half Rack as a foundation for building versatile, compact strength training spaces outdoors. The rack geometry strikes the optimal balance, giving users more room to comfortably grasp and safely lift and rack the barbell while supporting record-setting lifts. The rustproof galvanized finish delivers long-lasting performance outdoors.

Features

Optimized Geometry

Rack geometry makes it easier to rack the barbell and gives more room inside the frame without compromising load capacity.

For Outdoor Training

Eleiko galvanized steel products are rustproof and designed for long-lasting performance in any climate.

Prestera Attachments

Compatible with Prestera attachments.

High Performance

Durable, 70x70 mm (3mm thick) steel uprights feature 50 mm hole spacing and laser-cut numbering for precise racking positions.

Stable Foundation

Hidden bolt-down holes minimize trip hazards and provide stability while maintaining the half rack's sleek appearance.
