

# Eleiko Prestera Half Rack Frame

## Stainless

The Prestera Half Rack with stainless uprights is a foundation for building a versatile, compact strength training space. The stainless uprights deliver a performance upgrade providing tighter 25 mm hole spacing with etched numbering and a long-lasting finish optimized for gliding attachments. The rack geometry — made from robust 70x70 mm (3mm) steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts.

## Features

### Optimized Geometry

Rack geometry makes it easier to rack the barbell and gives more room inside the frame without compromising load capacity.

### Stainless Steel Uprights

A performance upgrade to the powder coat option, 25 mm hole spacing provides more precise adjustment increments and electrolytic etching maintains steel strength and integrity.

### Stable Foundation

Hidden bolt down holes minimizes trip hazards, provide stability while maintaining the half rack's sleek appearance.

### Compatibility

Designed for use with attachments in the Prestera System.

### Platform Compatibility

Compatible with the SVR Insert Platform for Prestera Half Rack (3085517-03)

## Specifications

### Article code

BD-1-214

### Length

1302 mm / 51.26 in.

### Width

1212 mm / 47.72 in.

### Height

2353 mm / 92.64 in.

### Weight

99,6 kg / 219.58 lbs

### Warranty

6 months-10 years
