

## **Eleiko Prestera Power Rack Frame**

## **Stainless**

Start with the Prestera Power Rack when looking to create smartly designed strength training station with enhanced safety features and more room for attachments to support a variety of training needs. The stainless uprights deliver a performance upgrade providing tighter 25 mm hole spacing with etched numbering and a long-lasting finish optimized for gliding attachments. The rack geometry — made from robust 70x70 mm (3 mm) steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts.
