

Eleiko Prestera Power Rack Frame

Stainless

Start with the Prestera Power Rack when looking to create smartly designed strength training station with enhanced safety features and more room for attachments to support a variety of training needs. The stainless uprights deliver a performance upgrade providing tighter 25 mm hole spacing with etched numbering and a long-lasting finish optimized for gliding attachments. The rack geometry — made from robust 70x70 mm (3 mm) steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts.
