

Eleiko Pretera Smith Attachment

Black

With the Smith attachment, you can adapt any Eleiko Pretera rig or rack with Smith Machine functionality. Easy to mount, set the kit to the desired height on the uprights to support a variety of exercises for upper and lower body strength training. The Smith Kit consists of vertical shafts, integrated safety stops, a housing that holds high-quality bearings, and the Smith bar. Please note that the attachment is designed exclusively for Eleiko Pretera and is incompatible with other rack and rig systems.
