# Eleiko Prestera Double Half Rack Frame

**Stainless** 

The Prestera Double Half Rack is the foundation for creating highly versatile dual strength training stations that maximize facility footprints. The stainless uprights deliver a performance upgrade providing tighter 25 mm hole spacing with etched numbering and a long-lasting finish optimized for gliding attachments. The rack geometry — made from robust 70x70 mm steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts.

Stainless Steel Uprights

A performance upgrade to the powder

coat option, 25 mm hole spacing provides

more precise adjustment increments and electrolytic etching maintains steel strength

Designed for use with attachments in the

### Features

#### Optimized Geometry

Rack geometry makes it easier to rack the barbell and gives more room inside the frame without compromising load capacity.

#### **Stable Foundation**

Hidden bolt down holes minimizes trip hazards, provide stability while maintaining the half rack's sleek appearance.

#### **Platform Compatibility**

Compatible with standard or SVR Insert Platform

## Specifications

Article code BD-1-354 **Length** 2053 mm / 80.83 in.

6 months-10 years
