

Eleiko Prestera Double Half Rack Frame

Stainless

The Prestera Double Half Rack is the foundation for creating highly versatile dual strength training stations that maximize facility footprints. The stainless uprights deliver a performance upgrade providing tighter 25 mm hole spacing with etched numbering and a long-lasting finish optimized for gliding attachments. The rack geometry — made from robust 70x70 mm steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts.

Features

Optimized Geometry

Rack geometry makes it easier to rack the barbell and gives more room inside the frame without compromising load capacity.

Stable Foundation

Hidden bolt down holes minimizes trip hazards, provide stability while maintaining the half rack's sleek appearance.

Platform Compatibility

Compatible with standard or SVR Insert Platform

Stainless Steel Uprights

A performance upgrade to the powder coat option, 25 mm hole spacing provides more precise adjustment increments and electrolytic etching maintains steel strength and integrity.

Compatibility

Designed for use with attachments in the Prestera System.

Specifications

Article code

BD-1-354

Length

2053 mm / 80.83 in.

Width

1212 mm / 47.72 in.

Height

2353 mm / 92.64 in.

Weight

158,74 kg / 349.96 lbs

Warranty

6 months-10 years

Colour

Black
