

Eleiko Prestera Double Half Rack Frame

Black

The Prestera Double Half Rack is the foundation for creating highly versatile dual strength training stations that maximize facility footprints. The rack geometry — made from robust 70x70 mm (3 mm) steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts. Customize the Prestera Half Rack frame with any attachments from the Prestera Series.

Features

Optimized Geometry

Sturdy steel uprights are spaced to support both bench press and squat allowing for less rack interference from the outside and more room for lifters inside the frame without compromising load capacity.

Stable Foundation

Hidden bolt down holes minimizes trip hazards, provide stability while maintaining the half rack's sleek appearance.

Platform Compatibility

Compatible with standard or SVR Insert Platform

Powder Coat Uprights

Hard wearing powder coat uprights feature 50 mm spacing increments with laser cut numbering to accommodate a wide range of user, attachment and training needs.

Compatibility

Designed for use with attachments in the Prestera System.
