

Eleiko Prestera Landmine

Black

This lightweight landmine attaches to Prestera racks and is compatible with standard 50mm sleeve barbells supporting a variety of exercises including rotational movements. The inside has a UHMW insert to avoid scratching or damaging the barbell sleeve during training. Bushings enable a wide range of movement, the construction provides smooth and quiet operation. Simply attach the landmine to the Prestera frames using the provided magnetic pin, slide the bar in the protected sleeve and explore a wide range of exercises.
