

Eleiko Pretera Storage Pins, Pair (Medium)

Galvanized

Galvanized Pretera Storage Pins can be mounted to any Pretera upright to keep plates, collars, or training accessories close at hand. Smart, single-bolt construction eliminates interference with other attachments for greater flexibility and space efficiency. Integrated rubber bumpers at the pin base protect equipment and dampen noise. The rustproof galvanized finish delivers long-lasting performance outdoors and contributes to Pretera's streamlined appearance.

Features

Designed for

The galvanized Storage Pins are designed for holding weight plates while training in outdoor environments. We recommend storing bumpers and plates in a climate-controlled storage container or indoors when not in use.

Durable construction

Durable steel with a galvanized rustproof finish.

Compatibility

Designed for use with racks in the Eleiko Pretera System.
