

Eleiko Prestera Wall Ball Target

Black

- ✓ Two targets
- ✓ Targets one foot apart
- ✓ Add custom branding

The Eleiko Prestera Wall Ball Target is a dual target mount combining the 10' and 9' height standards into one convenient attachment for use on any Prestera uprights. Each hexagonal target has rounded corners and a generous surface area for throws and custom branding.

Features

Durable Design

The Eleiko Wall Ball Target is made of 4mm thick steel with a durable black powder coat finish.

Branding Details

The wall ball target features an Eleiko logo on the top ball target and room for custom branding on the bottom one.

Dimensions

The face of each target measures 325mm per side for a total target length of 650mm. The targets sit 182mm in front of the upright.

Target Height

Two heights placed one foot apart. To meet competition standards, must be placed on an upright that is 2.6m or higher. Place the target at the desired height during installation to accommodate user needs and facility flooring specifications.
