

Eleiko Prestera Dumbbell Storage Shelf, 1072mm

Galvanized

- ✓ **Two lengths available**
- ✓ **Integrated storage solutions**
- ✓ **Angled for a secure hold**

Designed exclusively for the Prestera rack series, the dumbbell storage shelf comes in lengths of 1072 mm and 1720 mm. It features an angled design where you rest the dumbbells head off the top edge, and the bottom rests securely on the shelf for easier handle access. The rustproof galvanized finish delivers long-lasting performance in any environment.

Features

Shelf Storage Capacity

The 1072 mm dumbbell shelf fits five standard dumbbells (for ex: Evo Dumbbell 14 kg), and the 1720 mm one holds nine dumbbells. The capacity will vary depending on the dumbbell size, accommodating more smaller dumbbells and fewer heavier dumbbells.

Durable construction

Robust rustproof galvanized steel for outdoor use.

Load Capacity

The shelf max load is 360 kg.

Easily Integrated

The shelf does not obstruct other attachments and can be set at the desired height using the included pins.

Compatibility

Designed exclusively for the Eleiko Prestera System.
