

Eleiko Prestera Power Rack

Stainless

Eleiko Prestera Power Rack is a smartly designed power rack supporting a wide range of strength training needs, featuring safety beams and pair of j-cups with a protective liner and eight weight pins in three lengths for versatile storage. The stainless uprights deliver a performance upgrade providing tighter 25 mm hole spacing with etched numbering and a long-lasting finish optimized for gliding attachments. The easily adjustable J-cups have a taller profile, inspired by our IPF combo bench, that offers more protection to the rack and barbell and features polyurethane rollers to protect the bar knurling and support positioning adjustments. The rack geometry — made from robust 70x70 mm (3mm) steel — strikes the optimal balance giving users more room to comfortably grasp and safely lift and rack the barbell while also supporting record setting lifts.

Funktioner

Optimerad yta

De robusta benen är placerade med perfekt avstånd för att passa både bänkpress och knäböj, vilket ger mindre störningar från utsidan och mer utrymme för lyftare inuti racket utan att kompromissa med lastkapaciteten.

Kompatibilitet

Designad för användning tillsammans med tillbehör ur Prestera-serien.

Stabil grund

Hidden bolt down holes minimizes trip hazards, provide stability while maintaining the half rack's sleek appearance.

Plattformskompatibilitet

Kompatibel med standard Insert Platform – Power Rack Compatible

Specifikationer

Artikelnummer

BD-1-374

Längd

2444 mm / 96.22 in.

Bredd

1962 mm / 77.24 in.

Höjd

2353 mm / 92.64 in.

Vikt

203,54 kg / 448.73 lbs

Garanti

6 månader -10 år
