

Eleiko Prestera Rack Grip, Pair

The Prestera Rack Grip is a peg handle that can be used to any height on the upright for pulling, pushing and assisted squat exercises. The peg features a knurled finish and is designed with a grooved channel that secures the pin. The magnetic base offers additional security on the powder-coated uprights.

Features

Comfortable Secure Grip

The Rack Grip's diameter is a comfortable 30mm with a 1,0 mm knurling to minimises grip slip.

Secure Hold

Designed with a grooved channel that locks the pin into place, and magnet provides additional security on powder-coated uprights.

Training Variety

For bodyweight pulling and pushing exercises. Can also be used for added balance or assistance when doing squat variations.

Compatibility

Designed specifically for the Prestera System.
