Eleiko Prestera Battle Rope Attachment

Black

- \checkmark Designed for Prestera
- ✓ Rope Anchor
- ✓ Position on uprights

Use the Prestera Battle Rope Attachment at a low position for upper body rope training and conditioning. It can be positioned at any height for use with rubber bands or suspension trainers to support mobility and resistance work.

Features

Rope Training

Secure anchor for battle rope training with a smooth surface finish minimising rope wear and tear.

Upright Positioning It can be placed on any surface of the upright.

Training Variety

The primary intent is for battle rope conditioning exercises. However, the attachment can also be used as an attachment point for rubber bands and suspension trainers within the strength training station.
