

Eleiko Pretera Muscle Up Bar (Rack Only)

Galvanized

Place the Pretera Muscle Up Bar across the top of a Pretera strength station for added functionality. The 33 mm bar is a rustproof galvanized steel surface that stands up to the elements while providing a secure grip surface for training.

Features

Mounting Position

The muscle up bar sits across the top of the uprights to provide the maximum height for athletes.

Surface Finish

Strong steel tubing and rustproof galvanized steel surface that stands up the elements while also providing a good grip surface for training.

Bar Specifications

The muscle-up bar measure 33 mm in diameter and 1072 mm in length.

Compatibility

Designed specifically for the Eleiko Pretera System.
