

# Eleiko Seal Row Bench

Black/Skai Black

- ✓ Adjustable Bench Height
- ✓ Protective Plastic Liners
- ✓ Wheels for Portability

The Seal Row Bench is full of features appealing to lifters and operators alike, providing a secure and safe way to train with its solid construction. Lifters can choose their optimal position. An easy to operate pop-pin adjusts the bench height in 30 mm increments offering 10 settings ranging from 675 - 945 mm above the floor. Lifters can choose to start with the barbell on the ground or from generous bar hooks placed 265 mm above the floor. The j-cups and bench underside include a plastic liner to protect the bench and the barbell for long-lasting performance.

## Funktioner

### Justerbar højde

The bench height is adjustable from 570-870 mm, measuring from the floor to the top of the bench.

### Muligheder for pude

Select our unique PUR cushions for a modern, durable, easy to clean option or Skai cushions for a more traditional look that is supple and wears well.

### Nem at transportere

Integrated wheels for portability and easy transport.

### Protective Lining

J-cups and bench feature plastic liners to protect barbells and the underside of the bench.
