

# **Eleiko Seal Row Bench**

## Black/Skai Black

- √ Adjustable Bench Height
- ✓ Protective Plastic Liners
- √ Wheels for Portability

The Seal Row Bench is full of features appealing to lifters and operators alike, providing a secure and safe way to train with its solid construction. Lifters can choose their optimal position. An easy to operate pop-pin adjusts the bench height in 30 mm increments offering 10 settings ranging from 675 - 945 mm above the floor. Lifters can choose to start with the barbell on the ground or from generous bar hooks placed 265 mm above the floor. The j-cups and bench underside include a plastic liner to protect the bench and the barbell for long-lasting performance.

#### **Features**

### Adjustable Height

The bench height is adjustable from 570-870 mm, measuring from the floor to the top of the bench.

### **Easy Portability**

Integrated wheels for portability and easy transport.
