

Eleiko Prestera Safety Arms, Pair

Galvanized

Prestera Safety Arms enhance user safety by protecting the bar and lifter when appropriately used. Position the safety arms at any height on the upright; align the peg and hole and rotate the arm down. Custom moulded protective liners are knurling-friendly to minimize barbell wear and are curved at each end to guide the bar back to the centre of the safety arm. The rustproof galvanized finish delivers long-lasting performance outdoors.

Features

Provides Lifting Safety

Enhances user safety, ensuring lifters are protected during a failed lift.

Enhanced Bar Protection

Custom moulded plastic protective liner that is knurling-friendly to minimize barbell wear.

Quality Construction

Strong steel tubing and rustproof galvanized surface that stands up to the elements.

Compatibility

Designed specifically for the Prestera System.
