

Eleiko Prestera Muscle Up Bar 1720mm

Galvanized

- ✓ Two lengths available
- ✓ Added training variety
- ✓ Comfortable, secure grip

The Eleiko Prestera Muscle-up Bar comes in two lengths and is designed for use in Prestera rig configurations. The sturdy steel rod mounts to the uprights creating flexible stations that can accommodate a variety of training from muscle-ups to toes to bar and pull-ups. The 33 mm bar is rustproof galvanized steel that provided a secure grip surface for training.

Features

Bar Specifications

The bar measure 33 mm in diameter for an optimal grip.

For Outdoor Training

Eleiko galvanized steel products are rustproof and designed specifically for long-lasting performance in any climate.

Two Available Lengths

Available in either 1072 mm or 1720 mm to create different widths of training stations.
