

Eleiko Presteria Rig Freestanding 7,2 m With Rings And Rope

Black

- ✓ Robust 4 mm thick steel
- ✓ Sturdy construction
- ✓ Compatible with Presteria attachment

This Presteria Rig assembly combines low and high uprights so you can integrate rope or ring stations into your set up. The rig can be used a building block for creating a Presteria Rig solution or as a complete assembly. The unit features 13 pull-up stations, seven of them are appropriate for muscle-ups, and six squat stations. The rig comes standard with the Eleiko Presteria J-cups. Add attachments and accessories from our Presteria system for maximal training versatility.

Features

Number of Stations

13 pull-up stations and 6 squat stations, 7 of the pull-up stations are appropriate for muscle-ups.

Minimum Space Requirements

9x6 m is the minimum space requirement for this configuration.

Compatibility

Compatible with Presteria attachments and accessories.

Rings and Ropes

9 stations for attaching rings or ropes as configured.

Numbered Holes

The numbering on the laser cut holes is uniform across the Presteria system, helping lifters find their barbell and fitness attachment placements across training environments.
