

# Eleiko Lat Pull Down, Wall Mounted

120 kg - Black

- √ Full metal construction
- √ Space-efficient design
- √ 1:1 Weight Ratio
- √ 120 or 150 kg weight stack
- √ Durable PUR pads

Whether mounted to the wall, free-standing, or part of a multi-station configuration, the Eleiko Lat Pull Down delivers a space-efficient and effective way to train the back. The 120kg weight stack features a 1:1 resistance ratio and can be upgraded at a 150kg weight stack as needed. The bench and adjustable knee pads are constructed from Eleiko's durable, hygienic PUR cushions with seven adjustments at 30mm increments.

#### **Features**

## The Eleiko Feeling

The large 150mm aluminium pulley wheels and durable 4mm cable wire mean less internal resistance and wear on the cable for longer-lasting performance and a smoother user experience.

#### **Distinctive Details**

Each interaction point, such as the knurled weight pin and weight stack markings, was designed with the lifter in mind to deliver the ultimate lifting experience.

## **Specifications**

Article code BD-1-330

**Weight** 221 kg / 487.22 lbs

**Length** 1240 mm / 48.82 in.

Warranty 6 months-10 years

#### Low Maintenance

Maintenance-free shafts and linear bushings do not require lubrication, making Eleiko Cables a low-maintenance cable-based functional training option.

### Safety

Safety is paramount; we enclose our weight stack in a metal case and our pulley behind a metal protective barrier to eliminate the risk of pinch points.
