

# Eleiko Lat Pull Down, Wall Mounted

150 kg - Black

- ✓ Full metal construction
- ✓ Space-efficient design
- ✓ 1:1 Weight Ratio
- ✓ 120 or 150 kg weight stack
- ✓ Durable PUR pads

Whether mounted to the wall, free-standing, or part of a multi-station configuration, the Eleiko Lat Pull Down delivers a space-efficient and effective way to train the back. The 120kg weight stack features a 1:1 resistance ratio and can be upgraded at a 150kg weight stack as needed. The bench and adjustable knee pads are constructed from Eleiko's durable, hygienic PUR cushions with seven adjustments at 30mm increments.

## Features

### The Eleiko Feeling

The large 150mm aluminium pulley wheels and durable 4mm cable wire mean less internal resistance and wear on the cable for longer-lasting performance and a smoother user experience.

### Distinctive Details

Each interaction point, such as the knurled weight pin and weight stack markings, was designed with the lifter in mind to deliver the ultimate lifting experience.

### Low Maintenance

Maintenance-free shafts and linear bushings do not require lubrication, making Eleiko Cables a low-maintenance cable-based functional training option.

### Safety

Safety is paramount; we enclose our weight stack in a metal case and our pulley behind a metal protective barrier to eliminate the risk of pinch points.

## Specifications

### Article code

BD-1-331

### Length

1240 mm / 48.82 in.

### Width

519 mm / 20.43 in.

### Height

2400 mm / 94.49 in.

### Weight

251 kg / 553.36 lbs

### Warranty

6 months-10 years
