

Eleiko Prestera Power Rack Frame

Stainless - Tall

- ✓ Supports taller athletes
- ✓ Stainless uprights
- ✓ 25 mm hole spacing

Designed to accommodate a wider range of athletes with an additional 25 cm in height, the Prestera Tall Power Rack Frame support training inside or in front of the rack and provides added capacity for storage and attachment. Great for performance or general strength training, the 25mm hole spacing on stainless uprights support precision adjustments and racking.

Features

For Taller Athletes

An additional 25 cm in height places the pull-up bar higher to accommodate free hanging for taller users.

Optimized Geometry

Rack geometry makes it easier to rack the barbell and gives more room inside the frame without compromising load capacity.

Stainless Steel Uprights

25 mm hole spacing provides more precise adjustments and electrolytic etching maintains steel strength and integrity.
