

# Eleiko WPP0 Powerlifting Competition Bar

20 kg

- ✓ Sensor-Ready
- ✓ 1.5 Power Knurling
- ✓ WPP0 Certified

The official bar of elite Para powerlifting. Crafted in Sweden from a 28mm Eleiko Steel shaft to meet WPP0 standards. Built for bench press stability at maximum loads, with 105 mm knurl-free zones that protect racking surfaces. 1.5 Power knurling with DN3 Chrome™ offers a secure, comfortable grip. Gold-coloured accents identify this as WPP0-certified equipment.

## Features

### WPP0-Certified for Competition

Approved for international Para powerlifting — including the Paralympic Games, World Championships, and use in elite training centres.

### Signature Grip

1.5 Power knurling offers maximum grip security for max effort lifts. DN3 Chrome™ finish protects the knurling for lasting performance in training and on the platform.

### Engineered for Longevity

Fatigue-resistant sleeve design, Dual Lock system, and dustproof seal protect against moisture, chalk, and wear. Built to last and backed by Eleiko's lifetime warranty.

### Precision Engineering

28 mm Eleiko Steel shaft machined to IT6 tolerance ensures straightness and stability. Weight tolerance exceeds WPP0 standards at +0.1% / -0.05%.

### Sensor-Ready

Quick-access end cap supports Eleiko velocity sensor for real-time feedback and seamless data tracking while maintaining full competition compliance.
