

Eleiko Vulcano Fixed Weight Bar

30 kg

A set of fixed weight barbells provide a convenient way to quickly add resistance and load a wide variety of exercises from curls to presses, good mornings and lunges. Constructed with knurled chrome bars and polyurethane coated metal cores, the fixed weight barbells range from 10 kg to 50 kg (20-110 lbs) allowing lifters to find a weight that is right for their needs. The smaller profile of the fixed barbell allows you to easily navigate tight free weight areas and gym spaces.
