

Eleiko PL Knee Wraps, 200 cm Strong Blue

- ✓ User determines fit
- ✓ Firm Support
- ✓ Durable Elastic

The Eleiko Knee Wraps are designed for maximum support and adjustability. The user determines the tightness and application style. These wraps are crafted from strong blue elastic with darker accent stripes and the Eleiko logo at one end. Measuring 2 meters in length, they offer lifters a wide range of options to achieve their preferred fit. For secure application, simply wrap the knee wraps around your knee joint and fold the end under for a snug and comfortable fit.

Features

Certified

Eleiko Powerlifting Knee Wraps are certified by the IPF for competition.

Durable Design

Robust elastic wraps feature an accent stripe and Eleiko logo on the outer edge.

User-Defined Support

Firm support but wrap tightness is determined by the lifter application.
