

Eleiko Prestera Seal Row Bench Attachment

Black

- ✓ Durable PUR Cushion
- ✓ Built-in Storage System
- ✓ Exclusive to Prestera Power Racks

The Eleiko Prestera Seal Row Bench Attachment adds versatility to your Prestera Power Rack, creating a dedicated setup for seal row exercises. Designed for comfort, stability, and easy-to-use functionality, the bench features a durable PUR cushion to support you during lifts while ensuring proper upper-back engagement.

Features

Built-in Storage for Convenience

The attachment includes a built-in storage system, keeping your training area tidy when not in use. This seamless integration with your rack ensures your space remains uncluttered.

Easy Setup, Secure Fit

To install, position the safety beams across the front and back of the Prestera Power Rack and secure the bench attachment on top of them with magnetic pins. Then, position j-cups on the back uprights at the preferred height to prepare for lifting. This quick process ensures a stable, safe platform for all your rowing needs.

Exclusively for Prestera Power Racks

This attachment is only compatible with Eleiko Prestera Power Racks, ensuring a perfect fit and optimal performance.
