

Eleiko Presteria Seal Row Bench Attachment

Black

- ✓ Durable PUR Cushion
- ✓ Built-in Storage System
- ✓ Exclusive to Presteria Power Racks

The Eleiko Presteria Seal Row Bench Attachment adds versatility to your Presteria Power Rack, creating a dedicated setup for seal row exercises. Designed for comfort, stability, and easy-to-use functionality, the bench features a durable PUR cushion to support you during lifts while ensuring proper upper-back engagement.

Features

Built-in Storage for Convenience

The attachment includes a built-in storage system, keeping your training area tidy when not in use. This seamless integration with your rack ensures your space remains uncluttered.

Easy Setup, Secure Fit

To install, position the safety beams across the front and back of the Presteria Power Rack and secure the bench attachment on top of them with magnetic pins. Then, position j-cups on the back uprights at the preferred height to prepare for lifting. This quick process ensures a stable, safe platform for all your rowing needs.

Exclusively for Presteria Power Racks

This attachment is only compatible with Eleiko Presteria Power Racks, ensuring a perfect fit and optimal performance.
