

Precor TRM 885 Treadmill

P84 Console - Black Pearl

The Precor TRM 885 Experience™ Series Treadmill offers superior reliability and intuitive operation, making it a standout choice for fitness facilities aiming to enhance their exercise environment. Featuring the P84 touchscreen console integrated with a comprehensive dash, this treadmill offers an advanced interface for tracking fitness metrics and accessing entertainment. Engineered for durability, the TRM 885 minimizes downtime and maximizes user engagement with its user-friendly design.

Features

P84 Touchscreen Console for Engaging Workouts

The P84 console acts as the heart of the treadmill's control system, providing a 16-inch touchscreen display that offers a dynamic range of workout options, entertainment, and detailed workout tracking. This central feature enhances the interaction between the machine and user, making every session engaging and productive.

Integrated Footplant Technology™ and Ground Effects® Impact Control

These advanced technologies combine to mimic natural running motion, adapting to the user's speed and stride for a more natural feel. The Ground Effects® system provides exceptional shock absorption, significantly enhancing comfort and reducing joint stress during workouts.

Comprehensive Dash System for Enhanced Interaction

The integrated dash system complements the P84 console, offering additional touchpoints for intuitive control and feedback. This seamless integration ensures that users have straightforward access to all treadmill functionalities, including speed, incline adjustments, and monitoring of workout progress.
